Contents

Volume 27 Number 1

Research Section

M. J. Fisher, T. Sakata, T. S. Tibbels, R. A. Smith, K. Patil, M. Khachab, S. L. Johansson and S. M. Cohen — 1 Effect of sodium saccharin and calcium saccharin on urinary parameters in rats fed Prolab 3200 or AIN-76 diet

R. Truhaut, B. Le Bourhis, M. Attia, R. Glomot, J. Newman and J. Caldwell — 11 Chronic toxicity/carcinogenicity study of *trans*-anethole in rats

P. M. Newberne, W. W. Carlton and W. R. Brown — 21 Histopathological evaluation of proliferative liver lesions in rats fed *trans*-anethole in chronic studies

R. Frommberger — 27 *N*-Nitrosodimethylamine in German beer

S. H. Zeisel, S. Gettner and M. Youssef — 31 Formation of aliphatic amine precursors of *N*-nitrosodimethylamine after oral administration of choline and choline analogues in the rat

P. M. Verschuren — 35 Evaluation of jojoba oil as a low-energy fat. 1. A 4-week feeding study in rats

P. M. Verschuren and D. H. Nugteren — 45 Evaluation of jojoba oil as a low-energy fat. 2. Intestinal transit time, stomach emptying and digestibility in short-term feeding studies in rats

Brief Communication

G. T. F. Galasko, K. I. Furman and E. Alberts — 49 The caffeine contents of non-alcoholic beverages

Review Section

G. K. Montizaan, A. G. A. C. Knaap and C. A. Van Der Heijden — 53 Asbestos: toxicology and risk assessment for the general population in The Netherlands

REVIEWS OF RECENT PUBLICATIONS — 65

Information Section — 69 UVB sunscreens—a closer look

70 COSHH—the time has come

Announcements — 73

Forthcoming Papers — 75

Corrigendum — 76

Software Survey Section — I

Volume 27 Number 2

Research Section

H. P. Til, R. A. Woutersen, V. J. Feron, V. H. M. Hollanders, H. E. Falke and J. J. Clary — 77 Two-year drinking-water study of formaldehyde in rats

K. A. Voss, W. P. Norred, R. D. Plattner and C. W. Bacon — 89 Hepatotoxicity and renal toxicity in rats of corn samples associated with field cases of equine leukoencephalomalacia

C. K. Atterwill, C. G. Brown, G. Conybeare, C. W. Holland and C. A. Jones — 97 Relation between dopaminergic control of pituitary lactotroph function and deceleration of age-related changes in serum prolactin of diet-restricted rats

D. W. Cragin, A. D. Jones and T. Shibamoto — 105 Metabolism of *N*-nitroso-1,3-thiazolidine in the rat

M. Perciballi, J. J. Conboy and J. H. Hotchkiss 111 Nitrite-cured meats as a source of endogenously and exogenously formed *N*-nitrosoproline in the ferret

A. Ogata, T. Fujitani, M. Yoneyama, M. Sasaki and K. Suzuki 117 Glutathione and cysteine enhance and diethylmaleate reduces thiabendazole teratogenicity in mice

L. Magnelli, G. Fibbi, R. Caldini, M. Pucci and M. Del Rosso 125 Inhibition of spontaneous growth and induced differentiation of murine erythroleukaemia cells by paraquat and atrazine

F. W. Kari, J. E. Huff, J. Leininger, J. K. Haseman and S. L. Eustis 129 Toxicity and carcinogenicity of nitrofurazone in F344/N rats and B6C3F$_1$ mice

REVIEWS OF RECENT PUBLICATIONS 139

Announcements 141

Forthcoming Papers 142

Software Survey Section I

Volume 27 Number 3

Research Section

G. A. Kimmich, J. Randles and R. L. Anderson 143 Effect of saccharin on the ATP-induced increase in Na^+ permeability in isolated chicken intestinal epithelial cells

H. Verhagen, H. H. W. Thijssen, F. ten Hoor and J. C. S. Kleinjans 151 Disposition of single oral doses of butylated hydroxyanisole in man and rat

J. T. Bernert, Jr, A. H. Pendergrast, D. L. Ashley, D. G. Patterson, Jr, E. M. Kilbourne, L. R. Alexander, M. Posada de la Paz and I. Abaitua Borda 159 Synthesis of *N*-(5-vinyl-1,3-thiazolidin-2-ylidene)phenylamine and analysis of oils implicated in the Spanish toxic oil syndrome for its presence

G. S. Nomura, D. L. Ashley, A. H. Pendergrast, J. R. Bernert, Jr, D. G. Patterson, Jr, J. Grainger and D. Vanderveer 165 Structural identification of a heterocyclic compound implicated in the Spanish toxic oil syndrome

R. Gunther, H. K. Abbas and C. J. Mirocha 173 Acute pathological effects on rats of orally administered wortmannin-containing preparations and purified wortmannin from *Fusarium oxysporum*

C. F. Hanson, V. H. Frankos and W. O. Thompson 181 Bioavailability of oxalic acid from spinach, sugar beet fibre and a solution of sodium oxalate consumed by female volunteers

G. V. Mitchell, P. N. Dua, M. Jenkins and E. Grundel 185 Nutritional and pathological changes in male and female rats fed modifications of the AIN-76A diet

H. Ohshima, M. Friesen, C. Malaveille, I. Brouet, A. Hautefeuille and H. Bartsch 193 Formation of direct-acting genotoxic substances in nitrosated smoked fish and meat products: identification of simple phenolic precursors and phenyldiazonium ions as reactive products

Letter to the Editor

H. J. M. Verhaar, M. E. Kammüller, J. K. Terlouw, L. Brandsma and W. Seinen 205 Spanish toxic oil syndrome: an isothiocyanate-derived compound cannot be substantiated as a causative agent

Announcements 207

Forthcoming Papers 208

Software Survey Section I

Volume 27 Number 4

Research Section

M. T. Cuzzoni, G. Stoppini, G. Gazzani and P. Mazza 209 Effect of storage on mutagenicity, absorbance and content of furfural in the ribose–lysine Maillard system

P. Galtier, F. Paulin, C. Eeckhoutte and G. Larrieu 215 Comparative effects of T-2 toxin and diacetoxyscirpenol on drug metabolizing enzymes in rat tissues

S. Mokady, A. Abramovici and U. Cogan 221 The safety evaluation of *Dunaliella bardawil* as a potential food supplement

H. U. Aeschbacher, U. Wolleb, J. Löliger, J. C. Spadone and R. Liardon 227 Contribution of coffee aroma constituents to the mutagenicity of coffee

A. Poole and P. Buckley 233 1-Naphthol—single and repeated dose (30-day) oral toxicity studies in the mouse

N. A. Littlefield, D. W. Gaylor, B.-N. Blackwell and R. R. Allen 239 Chronic toxicity/carcinogenicity studies of gentian violet in Fischer 344 rats: two-generation exposure

D. W. Petersen, G. P. Daston and J. L. Schardein 249 Evaluation of the developmental toxicity of succinate tartrates in rats

G. A. Jacobs and M. A. Martens 255 An objective method for the evaluation of eye irritation *in vivo*

Brief Communication
N. Weber 259 Studies on intestinal absorption, distribution and metabolism of 3β-chloro-[4-^{14}C]cholest-5-ene and 3β-chloro[4-^{14}C]stigmast-5-ene in mice

Meeting Report
P. M. Newberne 265 Environmental toxicology and risks of toxic substances for women and children in developing countries

Review Section
REVIEWS OF RECENT PUBLICATIONS 269

Information Section 273 The acceptable daily intake

Letter to the Editor
Peter Schmezer 275 Di(2-ethylhexyl) phthalate

Forthcoming Papers 277

Software Survey Section I

Volume 27 Number 5

Research Section
M. J. Werman, S. Mokady, I. Neeman, L. Auslaender and A. Zeidler 279 The effect of avocado oils on some liver characteristics in growing rats

K. W. Chin, M. M. Garriga and D. D. Metcalfe 283 The histamine content of oriental foods

R. McDanell, A. E. M. McLean, A. B. Hanley, R. K. Heaney and G. R. Fenwick 289 The effect of feeding Brassica vegetables and intact glucosinolates on mixed-function-oxidase activity in the livers and intestines of rats

B. J. Miller, S. M. Billedeau and D. W. Miller 295 Formation of *N*-nitrosamines in microwaved versus skillet-fried bacon containing nitrite

K. M. MacKenzie, S. R. W. Petsel, R. H. Weltman and N. W. Zeman 301 Subchronic toxicity studies in dogs and *in utero*-exposed rats fed diets containing *Bacillus megaterium* amylase derived from a recombinant DNA organism

Y. Tada, M. Yoneyama, J. Kabashima, T. Fujitani and M. Nakano 307 Effects of thiabendazole on the kidneys of ICR mice

O. Visser, J. W. O. van den Berg, A. Edixhoven-Bosdijk, R. Koole-Lesuis, T. Rietveld and J. H. P. Wilson 317 Development of hexachlorobenzene porphyria in rats: time sequence and relationship with lipid peroxidation

D. W. Petersen and M. R. Osheroff 323 Subchronic oral toxicity of succinate tartrates in rats

W. W. Carlton and J. A. Engelhardt 331 Experimental renal papillary necrosis in the Syrian hamster

A. P. Fairhead, S. G. Brooks, K. R. Butterworth and B. A. Mangham 341 An automated high-performance liquid chromatographic trace enrichment method for the determination of metoclopramide in serum and its application to a bioequivalence human volunteer study

Forthcoming Papers 347

Software Survey Section I

Volume 27 Number 6

Research Section

J. Y. Hui, J. T. Beery, N. A. Higley and S. L. Taylor 349 Comparative subchronic oral toxicity of sulphite and acetaldehyde hydroxysulphonate in rats

J. J. Pestka, M. A. Moorman and R. L. Warner 361 Dysregulation of IgA production and IgA nephropathy induced by the trichothecene vomitoxin

T. Inamasu, H. Luks, M. T. Vavrek and J. H. Weisburger 369 Metabolism of 2-amino-3-methylimidazo[4,5-*f*]quinoline in the male rat

F. Iverson, J. Truelove, E. Nera, L. Tryphonas, J. Campbell and E. Lok 377 Domoic acid poisoning and mussel-associated intoxication: preliminary investigations into the response of mice and rats to toxic mussel extract

R. H. Dashwood, L. Uyetake, A. T. Fong, J. D. Hendricks and G. S. Bailey 385 *In vivo* disposition of the natural anti-carcinogen indole-3-carbinol after po administration to rainbow trout

H. Anke, O. Bergendorff and O. Sterner 393 Assays of the biological activities of guaiane sesquiterpenoids isolated from the fruit bodies of edible Lactarius species

T. Otamiri 399 Phospholipase C-mediated intestinal mucosal damage is ameliorated by quinacrine

M.-A. Shibata, S. Tamano, Y. Kurata, A. Hagiwara and S. Fukushima 403 Participation of urinary Na^+, K^+, pH, and L-ascorbic acid in the proliferative response of the bladder epithelium after the oral administration of various salts and/or ascorbic acid to rats

Review Section

REVIEWS OF RECENT PUBLICATIONS 415

Information Section 417 The ranking of laboratory animal carcinogens

Letter to the Editor

H. Verhagen and J. C. S. Kleinjans 421 Biliary excretion of butylated hydroxyanisole in the rat

Announcements 423

Forthcoming Papers 425

Software Survey Section I

Volume 27 Number 7

Research Section

G. M. Alink, H. A. Kuiper, R. B. Beems and J. H. Koeman 427 A study on the carcinogenicity of human diets in rats: the influence of heating and the addition of vegetables and fruit

A. Laires, P. Pacheco and J. Rueff 437 Mutagenicity of rutin and the glycosidic activity of cultured cell-free microbial preparations of human faeces and saliva

F. W. Ward, M. E. Coates and R. Walker 445 Influence of dietary protein and gut microflora on endogenous synthesis of nitrate and *N*-nitrosamines in the rat

E. N. Maduagwu 451 Metabolism of linamarin in rats

N. A. Littlefield, D. W. Gaylor, B.-N. Blackwell and R. R. Allen 455 Chronic toxicity/carcinogenicity studies of sulphamethazine in B6C3F$_1$ mice

L. A. Kinney, N. C. Chromey and G. L. Kennedy, Jr 465 Acute inhalation toxicity of ammonium perfluorononanoate

P. Mende, B. Spiegelhalder, C. D. Wacker and R. Preussmann 469 Trapping of reactive intermediates from the nitrosation of primary amines by a new type of scavenger reagent

P. Mende, B. Spiegelhalder and R. Preussmann 475 A sensitive analytical procedure for the detection of *N*-nitrosamides via their alkylating activity

Review Section

M. K. Robinson, J. Stotts, P. J. Danneman, T. L. Nusair and P. H. S. Bay 479 A risk assessment process for allergic contact sensitization

REVIEWS OF RECENT PUBLICATIONS 491

Information Section 493 The state of play for PCBs

Letters to the Editor

P. French, M. J. Gardner and A. M. Gunn 495 Dietary aluminium and Alzheimer's disease

T. P. Flaten and M. Ødegård 497 Dietary aluminium and Alzheimer's disease—a reply

Announcements 499

Forthcoming Papers 500

Software Survey Section I

Volume 27 Number 8

Research Section

G. M. Dugan, M. R. Gumbmann and Mendel Friedman 501 Toxicological evaluation of jimson weed (*Datura stramonium*) seed

H. Ohshima, C. Furihata, T. Matsushima and H. Bartsch 511 Evidence of potential tumour-initiating and tumour-promoting activities of hickory smoke condensate when given alone or with nitrite to rats

M. Posada de la Paz, I. Abaitua Borda, E. M. Kilbourne, J. M. Tabuenca Oliver, F. Diaz de Rojas and M. Castro Garcia 517 Late cases of toxic oil syndrome: evidence that the aetiological agent persisted in oil stored for up to one year

G. R. Lankas, D. H. Minsker and R. T. Robertson 523 Effects of ivermectin on reproduction and neonatal toxicity in rats

J. Szépvölgyi, K. Nagy, K. Sajgóné Vukán, A. Regöly-Mérei, K. Soós, K. Tóth, A. Pintér and M. Antal 531 Subacute toxicological examination of Dithane M-45

M. S. Rezabek, S. D. Sleight, R. K. Jensen and S. D. Aust 539 Effects of dietary retinyl acetate on the promotion of hepatic enzyme-altered foci by polybrominated biphenyls in initiated rats

A. M. Saillenfait, P. Bonnet and J. de Ceaurriz 545 The effects of maternally inhaled formaldehyde on embryonal and foetal development in rats

Review Section

REVIEWS OF RECENT PUBLICATIONS 549

Information Section 553 Meeting report: food contamination

Letter to the Editor

J. C. Kirschman and R. L. Suber 555 Recent food poisonings from cucurbitacin in traditionally bred squash

Announcements 557

Forthcoming Papers 558

Software Survey Section I

Volume 27 Number 9

Research Section

Y. Kurata, S. Tamano, M.-A. Shibata, A. Hagiwara, S. Fukushima and N. Ito 559 Lack of carcinogenicity of magnesium chloride in a long-term feeding study in B6C3F$_1$ mice

D. Grant and W. H. Butler 565 Chronic toxicity of sodium nitrite in the male F344 rat

R. L. Suber, R. Deskin, I. Nikiforov, X. Fouillet and C. R. E. Coggins 573 Subchronic nose-only inhalation study of propylene glycol in Sprague–Dawley rats

H. Yamamura, T. Kobayashi, J.-C. Ryu, Y. Ueno, K. Nakamura, N. Izumiyama and K. Ohtsubo 585 Subchronic feeding studies with nivalenol in C57BL/6 mice

K. Ohtsubo, J.-C. Ryu, K. Nakamura, N. Izumiyama, T. Tanaka, H. Yamamura, T. Kobayashi and Y. Ueno 591 Chronic toxicity of nivalenol in female mice: a 2-year feeding study with *Fusarium nivale* Fn 2B-moulded rice

K. M. MacKenzie, S. R. W. Petsel, R. H. Weltman and N. W. Zeman 599 Subchronic toxicity studies in dogs and *in utero* rats fed diets containing *Bacillus stearothermophilus* α-amylase from a natural or recombinant DNA host

A. K. Mallett, C. A. Bearne, B. G. Lake and I. R. Rowland 607 Modified mutagen activation in hepatic fractions from rats fed dietary rutin—interaction between gut flora and host metabolism

J.-K. Lin and D.-C. Hurng 613 Potentiation of ferrous sulphate and ascorbate on the microbial transformation of endogenous trimethylamine *N*-oxide to trimethylamine and dimethylamine in squid extracts

Information Section

619 Meeting report: immunotoxicology session at the Society of Toxicology

620 Mutagenicity testing: the revised guidelines of the Committee on Mutagenicity in Chemicals in Food, Consumer Products and the Environment

622 An alar dose a day—a cause for concern?

Announcements 625

Forthcoming Papers 626

Software Survey Section I

Volume 27 Number 10

Research Section

S. J. P. Gobin and A. J. Paine 627 Effect of oral and parenteral administration of B_6 vitamers on the lymphopenia produced by feeding ammonia caramel or 2-acetyl-4(5)-(1,2,3,4-tetrahydroxy)butylimidazole to rats

D. H. Waalkens-Berendsen, H. B. W. M. Koëter, G. Schlüter and M. Renhof 631 Developmental toxicity of isomalt in rats

D. R. Webb, G. M. Ridder and C. L. Alden 639 Acute and subchronic nephrotoxicity of *d*-limonene in Fischer 344 rats

C. L. Galli, P. Allevi, D. Colombo, E. Corsini, P. Marinelli, L. Orlando and P. Restani 651 Evaluation of the oral toxicity of spinacine hydrochloride in a 13-week study in rats

D. J. Doolittle, C. A. Rahn, G. T. Burger, C. K. Lee, B. Reed, E. Riccio, G. Howard, G. T. Passananti, E. S. Vesell and A. W. Hayes — 657 Effect of cooking methods on the mutagenicity of food and on urinary mutagenicity of human consumers

K. W. Turteltaub, M. G. Knize, S. K. Healy, J. D. Tucker and J. S. Felton — 667 The metabolic disposition of 2-amino-1-methyl-6-phenylimidazo[4,5-*b*]-pyridine in the induced mouse

T. Granli, R. Dahl, P. Brodin and O. C. Bøckman — 675 Nitrate and nitrite concentrations in human saliva: variations with salivary flow-rate

C. K. Atterwill, A. Poole, C. Jones, R. Jones and C. Brown — 681 Mechanistic investigation of species-specific thyroid lesions induced by treatment with the histamine H_1 antagonist Temelastine (SK&F 93944) in rats

C. M. Burnett, T. A. Re, S. Rodriguez, R. F. Loehr and W. E. Dressler — 691 The toxicity of *p*-aminophenol in the Sprague–Dawley rat: effects on growth, reproduction and foetal development

Announcements 699

Forthcoming Papers 700

Software Survey Section I

Volume 27 Number 11

Research Section

J. F. Borzelleca, J. W. Olson and F. E. Reno — 701 Lifetime toxicity/carcinogenicity study of FD & C Red No. 40 (Allura Red) in Sprague–Dawley rats

T. F. X. Collins, T. N. Black, J. J. Welsh and L. H. Brown — 707 Study of the teratogenic potential of FD & C Red No. 40 when given by gavage to rats

J. T. MacGregor, J. D. Tucker, I. I. Ziderman, C. M. Wehr, R. E. Wilson and Mendel Friedman — 715 Non-clastogenicity in mouse bone marrow of fructose/lysine and other sugar/amino acid browning products with *in vitro* genotoxicity

H. G. M. Tiedink, J. A. R. Davies, N. A. Visser, W. M. F. Jongen and L. W. van Broekhoven — 723 The stability of the nitrosated products of indole, indole-3-acetonitrile, indole-3-carbinol and 4-chloroindole

J. L. VanSteenhouse, M. J. Fettman and D. H. Gould — 731 Sequential changes in hepatic and renal glutathione and development of renal karyomegaly in 1-cyano-3,4-epithiobutane toxicity in rats

H. R. Lam and H. C. Bisgaard — 741 Percutaneous absorption, biotransformation, retention and excretion of 1,3-diaminobenzene in the rat

J. Nair, S. S. Pakhale and S. V. Bhide — 751 Carcinogenic tobacco-specific nitrosamines in Indian tobacco products

Review Section

I. Kimber — 755 Aspects of the immune response to contact allergens: opportunities for the development and modification of predictive test methods

Forthcoming Papers 763

Software Survey Section

Arthur M. Doweyko — I HASL v3.10 (Hypothetical Active Site Lattice)

Volume 27 Number 12

Research Section

H. Verhagen, H. H. G. Beckers, P. A. W. V. Comuth, L. M. Maas, F. ten Hoor, P. Th. Henderson and J. C. S. Kleinjans — 765 Disposition of single oral doses of butylated hydroxytoluene in man and rat

FOOD AND CHEMICAL TOXICOLOGY

P. S. Portoghese, G. S. Kedziora, D. L. Larson, B. K. Bernard and R. L. Hall	773	Reactivity of glutathione with α,β-unsaturated ketone flavouring substances
R. L. Anderson, F. R. Lefever, N. S. Miller and J. K. Maurer	777	Comparison of the bladder response to indole and sodium saccharin ingestion by male rats
A. Mantovani, A. V. Stazi, C. Macri, C. Ricciardi, A. Piccioni and E. Badellino	781	Pre-natal (segment II) toxicity study of cinnamic aldehyde in the Sprague–Dawley rat
S. K. Abraham	787	Inhibition of *in vivo* genotoxicity by coffee
D. L. Morgan, C. W. Jameson, J. H. Mennear and J. D. Prejean	793	14-Day and 90-day toxicity studies of C.I. Pigment Red 3 in Fischer 344 rats and B6C3F$_1$ mice
G. J. Schieferstein, Y. Shinohara, R. R. Allen, W. Sheldon, D. L. Greenman and W. T. Allaben	801	Carcinogenicity study of 3,3′-dimethylbenzidine dihydrochloride in BALB/c mice
Th. Maurer and R. Hess	807	The maximization test for skin sensitization potential—updating the standard protocol and validation of a modified protocol
G. F. Gerberick and C. A. Ryan	813	A predictive mouse ear-swelling model for investigating topical photo-toxicity
Forthcoming Papers	821	
Software Survey Section	I
